

U.H.F. BANDPASS FILTER ASSEMBLY FL2M/532

The FL2M/532 u.h.f. bandpass filter assembly consists of a plug-in chassis type CH1/12A on which is mounted either an FL2/533 bandpass filter for Band IV or an FL2/534 bandpass filter for Band V. The connections are made through

BNC sockets on the front panel. Weight 2¼ lb.

The assembly is primarily intended for use with the television rebroadcast and monitoring receivers RC5M/501, RC5M/501A and DM1M/501. See also Designs Department Specification No. 6.119
